

- STONE AND AGGLOMERATES
- MARBLE
- GRANITE

### WHAT IT'S FOR

- Protects and revives the original colour of polished, untreated and tumbled natural stone.
- Deeply penetrates the material and protects it from watery or oily stains and dirt.
- Ideal for all stone applications, worktops and any decorative stone objects.
- Excellent for use internally and externally.

### ADVANTAGES

- Produces a reviving effect on all finishes.
- For indoor and outdoor use.
- Does not yellow, resists UV radiation, and it provides enduring protection.
- Extremely high coverage.
- Does not form surface film.
- The product is certified food-safe.

### HOW TO USE IT

**No dilution required: ready to use.**

**Application:**

1. Apply **FILASTONE PLUS** on dry surfaces using a brush, sponge or other appropriate tool.
2. During application, rub the surface with a sponge or a cloth, so that the product penetrates and any excess can be removed.
3. The floor is ready for use after about eight hours.
4. To improve colour revival, apply several coats of the product within 8-hour intervals.

**Maintenance:** diluted solution of **FILACLEANER**.

**FOR PROFESSIONAL USE ONLY:**

spray the product (airless system) on vertical surfaces until they are saturated and use appropriate PPE, as indicated in the safety information sheet.

#### COVERAGE

With one litre:

Polished stone	30/50 m <sup>2</sup>
Unpolished stone	15/25 m <sup>2</sup>

"Coverage shown is for guidance purposes only and refers to single coats"

#### Packaging

250-ml bottles in boxes of 12.

1-litre cans in boxes of 6.

5-litre cans in boxes of 4.

#### WARNINGS

- Keep out of reach of children.
- Do not disperse into the environment after use.
- The use of a single-disc cleaning machine is permitted only if it is perfectly undamaged.

#### TEMPERATURES

Storage temperature: from 0°C to 30°C

The product should be applied to materials with temperature between 5° and 30°C.

#### COMPOSITION

A mixture of silicon compounds dispersed in de-aromatized hydrocarbon solvent.

#### LABELLING

Signal words: Danger

**Hazard indication:** Flammable liquid and vapour. May be fatal if swallowed and enters airways. Causes serious eye irritation. May cause drowsiness or dizziness. Repeated exposure may cause skin dryness or cracking.
